To Please the Palate
is our aim in serving meat—to retain the fine flavor Nature bestows, not to let it go to waste, as some meatshops do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.

A Trite Saying.

It is a trite saying that no man is
stronger than his stomach. Dr. Pierce's
Golden Medical Discovery strengthens
the stomach—puts it in shape to make
pure, rich blood—helps the liver and
kidneys to expel the poisons from the
body and thus cures both liver and kid-
ney troubles. If you take this natural
blood purifier and tonic, you will assist
your system in manufacturing each day
a pint of rich, red blood, that is nav-
igating to the brain and nerves. The
weak, nervous, run-down, debilitated
condition which so many people suffer
from, is usually the effect of poisons in
the blood; it is often indicated by pimples
or boils appearing on the skin, the face
becomes thin and the feelings "blue."
Dr. Pierce's "Discovery" cures all blood
humors as well as being a tonic that
makes one vigorous, strong and forceful.
It is the only medicine put up for sale
through druggists for like purposes that
contains neither alcohol nor harmful
habit-forming drugs, and the only one
every ingredient of which has the profes-
sional endorsement of the leading medi-
cal writers of this country. Some of these
endorsements are published in a little
book of extracts from standard medical
works and will be sent to any address
free, on receipt of request therefor by
letter or postal card, addressed to Dr. R.
P. Pierce, Buffalo, N. Y. It tells just
what Dr. Pierce's medicines are made of.
The "Words of Praise" for the several
ingredients of which Dr. Pierce's medi-
cines are composed, by leaders in all the
several schools of medical practice, and
recommending them for the cure of the
diseases for which the "Golden Medical
Discovery" is advised, should have far
more weight with the sick and afflicted
than any amount of the so-called "testi-
monials" so conspicuously flaunted before
the public by those who are afraid to let
the ingredients of which their medicines
are composed be known. Bear in mind
that the "Golden Medical Discovery" has
THE BADGE OF HONESTY on every bottle
wrapper, in a full list of its ingredients.
Dr. Pierce's Pleasant Pellets cure con-
stipation, invigorate the liver and regu-
late stomach and bowels.
Dr. Pierce's great thousand-page illus-
trated Common Sense Medical Adviser
will be sent free, paper-bound, for 21 one-
cent stamps, or cloth-bound for 31 stamps.
Address Dr. Pierce as above.

NEW CENTRAL THEATRE

San Francisco.

Among those famous, clean, whole-
some plays, "The Old Homestead,"
"Shore Acres," "Way Down East,"
may be classed "The Minister's Son,"
which will be presented at the cen-
tral next week with Landers Stevens
in the title role, made famous through-
out the United States by the quaint
comedian, W. B. Patton, very like
Sol Smith Russell. It has made a
fortune for Mr. Patton and this is
the first time he would ever consent
to leave the play to a stock company.
The rural atmosphere of the
drama is so true to nature that the
sweet odors of country village life may
be almost detected, and the audience
is slow to leave its seat at the drop
of the final curtain. It feels so con-
tented with the world and itself. All
the company are congenially cast and
a fine performance will be the result.
The vaudeville artists engaged for
specialties between the acts are the
Masquerer sisters, original street sing-
ers; McCloud and Nelville, harpists
and dancers; and a new moving pic-
ture machine with the latest New
York success, "The Welsh Rarebit
Dream." Popular family matinees
Saturday and Sunday. Leander Rich-
ardson's real melodrama, "Search-
lights of a Great City," will be the
following attraction.

Ascientific Wonder.

The cures that stand to its credit
make Bucklin's Arnica Salve a sci-
entific wonder. It cured E. R. Milford,
lecturer for the Patrons of Husbandry,
Waynesboro, Pa., of a distressing case
of piles. It heals the worst burns,
sores, boils, ulcers, cuts, wounds, chil-
blains and salt rheum. Only 25c at
Ryan's drug store.

Torture by Savages.

"Speaking of the torture to which
some of the savage tribes in the Philip-

me of the intense suffering I endured
for three months from inflammation
of the kidneys," says W. M. Sherman,
of Cushing, Me., "Nothing helped me
until I tried Electric Bitters, three bot-
tles of which completely cured me."
Cures liver complaint, dyspepsia, blood
disorders and malaria, and restores
the weak and nervous to robust health.

LITTLE POCKET PHYSICIAN

Hymel Inhaler that is Guar-
anteed by A. D. Walsh to Cure
Catarrh.

Thousands who have been cured
by Hymel, call the Inhaler that
comes with every outfit "The Little
pocket physician," as it is so small
that it can be carried in the pocket
or purse.

Prior to the discovery of Hymel,
statistics showed that at least 97 out
of every 100 persons in this state
were suffering from catarrh in some
form. The remarkable results fol-
lowing the use of Hymel are shown
by the smaller percentage today of
people suffering from catarrh.

There is rarely no excuse whatever
for anyone having catarrh now that
Hymel is so readily obtainable. If
you have any doubts about its value,
A. D. Walsh will let you have a com-
plete outfit with the understanding
that unless it cures catarrh, it will
not cost you a cent.

A complete Hymel outfit consists
of "The Little pocket physician," a
medicine dropper, and a bottle of Hy-
mel, and costs only \$1, while addi-
tional bottles of Hymel can be pro-
cured for 50 cents, making it the
most economical, as well as the most
reliable treatment for the cure of
catarrh.

Do not delay longer the use of
Hymel, if you have catarrh. This is
a purely local disease, and Hymel
goes right to the spot where the cat-
arrh germs are present, destroys
them, soothes and heals all inflam-
mation, and makes a permanent and
lasting cure.

BAXTER SPRINGS MINING CO.

The development of the new camp of Baxter Springs, though not as sensational as that of Manhattan, is nevertheless keeping with the excellent showing of the district. In less than six weeks a camp comprising about eighty tents and a dozen frame buildings, occupied by some five hundred enterprising and energetic people, has come into existence. No other new camp—not even Manhattan—can boast of better lodging and eating accommodations. Several well-supplied grocery and hardware stores, feed corral and quite a number of bar rooms are catering to the needs of the steadily increasing population.

The camp is situated on a flat, surrounded on the north, south and west by mountains, giving it sufficient protection against wind and weather. The ground is slightly sloping to the south west, thus rendering drainage easy.

The springs, long famous for their ample supply of pure water, are within the camp limits and on high ground, making pollution by camp refuse impossible. Any quantity of the best firewood—cedar and pine—and mining timbers can be had within a mile from the camp. Baxter Springs is undoubtedly one of the prettiest camps so far established in southwestern Nevada and there is no question that it has come to stay. It is simply a matter of further development.

The formation of the district gives every promise that in the near future some excellent ore-bodies will be opened up. At the present stage of development the mineral-bearing zone is confined to a slate and shaly lime belt, about a half mile wide, which rises out of the desert a mile southeast of Baxter Springs and in the form of ridges of slight elevation extends first in a northwesterly and then in a general northerly direction, flanked on the east and west by ranges of granite and rhyolite rocks. The main ridge of this belt shows so far the best sign of mineralization, and is covered by groups of claims, of which the more prominent are the following: First, the Old Time group of five claims, owned by Christopher, Parrott, Perry, Wren, Martin and others; second, a group of five claims owned by the Baxter Springs-Manhattan Mining Company; third, a group of five claims owned by the Baxter Springs Mining and Milling Company; fourth, a group of three claims belonging to Lou Dayton; fifth, a group of three claims and two fractions; owned by the Baxter Springs Mining Company; sixth, a group of four claims owned by Patrick, Elliott & Camp.

All along the top of the main ridge a quartz ledge outcrops which yields fair panings in free gold and gives satisfactory assays. Assays of general samples running from \$30 to several thousand dollars a ton have been secured. Fine specimens of quartz showing free gold have been found on the ground owned by Geo. Schaffer and associates, the Baxter Springs Mining and Milling Company, and Lou Dayton. The Baxter Springs Mining Company has in one of its shafts a ledge about 3 feet wide which shows average assays of \$33 a ton.

All the companies so far organized in the Baxter Springs Mining District are excellently officered and conservatively managed. It is apparently the desire of the leading men of the camp to refrain from distorting facts and to prevent wildcatting, which is so harmful to new camps in the long run. They are fully convinced that Baxter Springs will come to the front on its true merits.

George Schaffer, formerly editor of the Coast Advocate and Mike Kniff of a Halfmoon Bay boy, were the original allocators and discoverers of free gold at Baxter Springs and both have some fine properties there. Kniff is meeting with great success. He has an interest in 21 fine looking claims near those owned by Mr. Schaffer. Both have formed companies to develop their properties. Mr. Schaffer has eight leases on his property outside of his company claims of which he is the heaviest stockholder. When the two men get their machinery working on the mines they expect their stock to go skyward.

The matter will be heard by Judge Buck next Thursday afternoon at 1 o'clock.

This week County Treasurer P. P. Chamberlain received a letter, postmarked Oakland containing a ten dollar gold note and the following words: "I have held out many years ago." The sender must have been a deputy treasurer in the county years ago or some citizen failed to pay his tax and perhaps in old age his conscience troubled him. However, this is the first "conscientious money" ever received by Mr. Chamberlain during his long term in office. He has turned it over to the Unappropriated Fund of the county.

Articles of Incorporation.

Articles of incorporation of the Builders Supply Depot were filed in the Clerk's office this week. The purpose of the incorporation is to deal in land, doors, sashes, moldings and in all kind of articles manufactured from wood. The principal place of business is San Francisco. The capital stock of the company is \$50,000 divided into 500 shares at a par value of \$100 each. The sum of \$500 has actually been subscribed by the following stockholders: G. H. Cunningham, \$100; N. S. Cunningham, \$100; George W. Scott, \$100; George Scott, Jr., \$100; R. D. Connolly, \$100.

A Gas Project for Coastsiders.

If the present plans of Charles F. Grandona are carried out, the towns of Pescadero, San Gregorio and La Honda will soon be supplied with gas and electricity. The Board of Supervisors last week granted Grandona a franchise to lay gas mains and to erect a line of poles and wires for the purpose of supplying gas and electricity to the inhabitants of Pescadero and vicinity. The proposed lines will run from a point on the county road on the boundary line between Santa Cruz and San Mateo counties, and thence will proceed through the town of Pescadero to Harrison, San Gregorio and La Honda. The franchise is granted for fifty years.

Now Unavailable Matter.

Postmaster Geo. W. Lovie has received an official communication from the Postmaster General stating that articles enclosed in transparent or semi-transparent "outlook" envelopes, for the reason that the address of an article so enclosed is rendered indistinct and that the time necessary to decipher the addresses retards the distribution of other articles, and that Great Britain, Canada and the Transvaal have refused to receive or deliver articles so enclosed; will hereafter, should they be addressed to either of the above mentioned countries, be treated as unavailable. This order does not necessarily refer to the mailing of articles enclosed in transparent envelopes and addressed to any place within this country or that of the other European, Asiatic and Oriental countries.

BELMONT IMPROVEMENT CLUB

A meeting of the citizens of the town of Belmont was held on Wednesday evening for the purpose of permanent organization. The attendance was large and enthusiastic. The meeting was addressed by the prominent men of the town upon the needs of the town which can be affected by the organization of the citizens, chief of which is the water supply.

After the necessity of the organization was made apparent a motion was carried to permanently organize, which was accordingly done with the following permanent officers:

Chairman, J. O'Brien; 1st vice chairman, W. A. Emmett; 2d vice chairman, Mrs. G. C. Ross; sec., A. L. Neal; treasurer, Chas. E. Dugan.

An executive committee was appointed consisting of the following members of the club: G. C. Ross, Chairman, Wm. T. Reid, C. A. Richardson, F. A. Roussel, Thos. Pennington, S. Davidson.

The roll of membership was opened for signatures and seventy-eight names were secured. Many ladies were present at the meeting and signed the roll as members.

The meeting was adjourned subject to the call of the chair. It is expected that a meeting will be held in two weeks when the executive board will make its first report.

FIRST AFTER-SEASON SHOOT.

One of the most enjoyable affairs that has taken place in this vicinity for some years was that which occurred last Sunday upon the lands of the Greco Salt Company near this city. It was the first after-season shoot of the Oak Wood Gun Club and those who were present not only enjoyed themselves but came home with recollections of the event and memories which will never be forgotten.

The Messrs Greco's, Mr. Anthony and Vic V., not only upheld their reputations as chefs of a high order, but the hospitality extended to those assembled was of such a generous and heart felt character that those who participated in the event gave cheers for Mr. Greco and his brother.

the sincerity of which could not be mistaken.

One thousand clay pigeons were disposed as well as four dozen live birds, and to Carl Muller and Dr. C. L. McCracken belong the honors for having made the most remarkable scores on record. A clay pigeon from either of the five traps was an easy victim for Muller, while Dr. McCracken turned his back, called for double birds, broke both, and remarked "Gentlemen I told you so." Those who participated in the fun and destroyed not only clay but live birds were:

Guy P. Hull, Clarence Hayward, J. F. Johnston, Dr. McCracken, Hall C. Ross, Dr. Sisson, Louis Genocchio, Carl Muller, Geo. Genocchio, A. D. Walsh, H. Steinberger, Alex. Fraser, Henry Beeger, John Felix.

THE BIENNIAL CONVENTION

The biennial convention of the league of Republican clubs, will celebrate at Santa Cruz on May 14 and 15 the semi-centennial anniversary of the first National Republican Convention, which nominated Gen. John C. Fremont for president. It is proposed that one of the features on that occasion shall be special greetings to the pioneer Republicans who participated in the campaign and voted for Gen. John C. Fremont, of California for president in 1856.

Fred K. Rule, president of the league is anxious to have all the Republicans who voted for Fremont present. Those who did cast their ballot for the Pathfinder will please send their names to W. A. Price, secretary of the Republican county committee, same to be forwarded to Mr. Rule that a special invitation may be extended to them to attend the convention.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

The Board of Supervisors held a special meeting last Monday. All members were present.

T. C. Van Ness Jr. called up the matter of the approval of the three warrants on Reclamation District No. 543 that were referred to the District Attorney at the last meeting. The latter asked to have them approved. On motion of Debenedetti seconded by Coburn the following claims on said district were approved: W. P. A. Brewer estate, \$92.85; E. M. Brewer, \$147.10; Edward Peabody, \$512.87.

Geo. C. Ross asked for the appointment of William Cassie as poundmaster of the second township. He explained that stock roamed at will over the Wellesley Park property and that cattle grazed on the roads in that vicinity greatly to the detriment of real estate there. Mr. Ross suggested that Mr. Cassie, who is the poundmaster for the Third township, be given power to extend his authority as far as Laurel creek. He offered to go on his bond. Mr. Ross said he would make a similar request of the Redwood City council.

On motion of Elkenkotter seconded by Debenedetti the Board proceeded to ballot whereupon Cassie receiving five ballots and was duly declared elected poundmaster of the Second township. The bondsmen were Geo. C. Ross and Hall C. Ross, who qualified in the sum of \$500 each.

Ross Bros. contractors of San Mateo were granted permission to excavate the county road at Belmont for the purpose of laying a sewer. The request was granted on motion of Elkenkotter seconded by Coburn.

The application of the South San Francisco Board of Trade to have the county license relating to peddlers amended was deferred until the next regular meeting on the suggestion of District Attorney Bullock who explained that the Board of Trade of San Mateo and the merchants of Menlo Park desired some further amendments to be made in the ordinance that would be adopted. District Attorney Bullock called the Board's attention to the fact that there was a vacancy in the office of Constable of the First township. That the sureties M. J. Hawes and M. F. Healey, on the bond of Robert J. Carroll had withdrawn and having allowed the ten days, required by law, in which to produce a new bond, to pass the Superior Court of the county on last Saturday declared the office vacant.

The following minute entry was read by the District Attorney: It appearing to the Court that Robert J. Carroll has been for more than one year last past and now is the duly elected, qualified and acting Constable in and for the First township of the County of San Mateo, State of California and gave his official bond there for as such Constable as required by law, and that the sureties on his bond as such Constable during all of the above time are still as such sureties, are M. F. Healey and M. J. Hawes, and which said bond was approved by the Judge of this Court and was thereafter properly recorded and filed in the proper office; and it further appearing that said sureties on said bond desiring to be relieved from all liabilities thereon as provided in and by Sections 972, 973, 974 and 975 of the Political Code of this State, have filed with the Judge of this Court the said Judge being authorized by law to approve said bond—a statement in writing setting forth the desire of each of said sureties to be relieved from all liabilities thereon afterwards arising, and giving their reasons therefor, which said statements were each and both subscribed and verified by the affidavit of the party filing the same; and it further appearing that copies of said statements were served on said Constable and affidavit of service made thereon and it further appearing that ten days elapsed since the service of said notices and I further appearing that said Constable has failed since the service of said notices to give good and ample surety or any surety, for the discharge of his official duties as such Constable as required originally now therefore

It is hereby ordered that the office of Constable in and for the First township of the County of San Mateo, State of California, be and the same is hereby declared vacant and the said sureties be and each of them are hereby released from all liability hereafter to arise on said official bond.

The Board took no action towards filling the vacancy.

G. P. Hartley, Cornelius Cullen, and F. H. Thorpe presented communications asking for a share of the insurance on the new court house.

Mr. Thorpe's communication relating to the rate of insurance was as follows:

To the Honorable Board of Supervisors of the County of San Mateo, California.

Gentlemen—Noticing in the published accounts of the Board's last meeting that you are under the erroneous impression that the insurance rate on the new court house is higher than on the old, I write to advise you that such is not the fact now.

When the new court house was first rated, November, 1905, it was rated at 85 cents per year on each one hundred dollars of insurance, which was 10 cents higher than on the old building. As soon as the rate was announced I took up the matter calling it to the attention of a special agent of this company, and asked for a new rating as I considered 85 cents too high. It was at once taken up with the Board of Underwriters with the result that the rate was reduced to 65 cents, a cut of 20 cents, and making it 10 cents less than the present rate on the old building. The

rate of insurance for a three year policy is double the annual rate or \$1.30, less than 15 cents a year, or at the rate of about three cents six mills per month on each one hundred dollars of insurance, which surely is reasonable. Should I be able to give you any further information, please let me know and I shall endeavor to do so.

Trusting my action in asking for a lower rate meets with your endorsement, and that I may be remembered when you place the insurance on the new court house and contents, I remain

Yours truly,
F. H. THORPE,
Resident Agent German Alliance Ins. Company.

A communication was read from the Dundon Bridge and Construction Company asking for information concerning the estimate for the construction of a bridge at Pittola. Mac Sain stated that the structure would not be built for three months or more. The Clerk was authorized to give the desired information to the firm.

Several deeds presented by N. J. Brittan and others a number of years ago dedicating to public use as a road a strip of land fronting what was formerly the Brittan ranch and extending to San Carlos, were accepted and ordered recorded on motion of Debenedetti seconded by Elkenkotter.

Afternoon Session.

The Board met at 1:30 pursuant to adjournment during the morning session.

District Attorney Bullock presented a copy of the contract drawn by him covering the furniture bid of H. S. Crocker and Company which was accepted on the last meeting of the Board. The document was carefully compared with the specifications MacBain did not take part in the work of comparing.

Coleman inquired if the contract was satisfactory.

MacBain raised the objection as stated at the last meeting. In his opinion the Art Metal Company's furniture was superior, then again the firm's bid was \$5,286 lower than that of the Crocker Company. For these reasons he opposed the contract. MacBain explained that he was insulted when he went to examine the latter's furniture. All he saw was a number of pictures. The successful firm was required to file a bond in the sum of \$5,000. In all likelihood the contract will be signed at the next meeting of the Board.

W. J. Sloane and Company presented figures for window shades but they were not considered as others desired to offer bids. The matter will be taken up at the meeting on Monday.

The claim of American Hawaiian Construction Company for \$49,713.63 was allowed. Also the claim of Architects, Dodge and Doolittle for \$5,310.19 was passed.

The total amount of extra work and original contract of the court house is \$229,937.70. The original contract was \$132,845.

Mr. Amwig of the contractors stated that in view of the fact that the citizens of Redwood City were planning a Fourth of July celebration on which occasion the new building would be dedicated, it was the wish of his company to finish up the work as quickly as possible. He desired to know when the old building would be removed so that the portico might be added.

Sheriff Mansfield who had previously offered to purchase the old structure for \$350 was called in and stated that he had been disappointed in finding a location for the building, it having been his intention to move it. He asked to be relieved of his agreement.

After considerable discussion the request was granted on motion of Elkenkotter seconded by MacBain.

New bids for the building will be advertised for.

No further business appearing the Board adjourned to Monday, April 2d, at 10 o'clock.

**NOTICE
TO
TAXPAYERS**
—OF THE—
COUNTY OF SAN MATEO

For the Year 1906
ALL TAXPAYERS ARE REQUIRED BY
A. law to annually make and deliver to the
Assessor a statement, under oath, setting
forth specifically all the real and personal
property owned by such person, or in his
possession, or under his control, at 12 o'clock
meridian on the

FIRST MONDAY IN MARCH.
Accordingly you are requested to fill out the
assessment blanks in question and deliver the
same at the office of the Assessor immediately,
making oath thereto.
The property of all persons who refuse or
neglect to furnish such statement will be arbi-
trarily assessed; and such assessment will
not be subject to equalization. Refusal to
furnish the statement above required will
subject the person refusing to a fine of \$100.
A State Poll Tax of \$2, if paid before the first
Monday in July, and if not paid until after
said date, then it is required of every male in-
habitant of this county over 21 and under 60
years of age, except paupers, insane persons
and Indians, not taxed; and a demand upon
all persons liable therefor is hereby made for
the payment of same, either at this office or to
the deputies in the field.

Any information relating to the assessments
will be furnished upon application to the
Assessor's office.

C. D. HAYWARD,
County Assessor.

Baxter Springs Mining Company

Another Good Mine Added to the World-Beating Gold Camp

Two new, record smashing, world-beating, earth astounding gold camps have just been born in grim old Nevada—Manhattan and Baxter Springs.

In two short months—sixty flitting days—Manhattan and Baxter Springs have thrust themselves upon the mining world, sprung from camps containing a dozen weather-worn, sunburned prospectors into mining communities with more than five thousand of the brightest, shrewdest and best citizens of the United States. The bonanza days of Virginia City have been outdone! The glitter of the famous Comstock sinks into insignificance when compared with the brilliance of the record and possibilities of wonderful Manhattan. The dream of red sunrises and yellow sunsets has become a reality in the life of the Manhattan miners.

Manhattan and Baxter Will Arouse the World

Dozens of thorough examinations have been made. All agree in pronouncing Manhattan and Baxter the wonder of the mining world. All acknowledge that Manhattan and Baxter eclipses all past records.

In the early days of the Comstock, shares in the great companies which afterwards sold for hundreds and thousands of dollars per share went begging at a few cents.

In Tonopah, where today \$200,000,000 worth of ore is blocked out, shares that are now worth from \$3 to \$20 each sold only three, four and five years ago at from 5 cents to 50 cents.

In Goldfield, stock which sold two years ago at 10 cents per share is today worth from \$2 to \$6.

In Bullfrog, stock which would scarcely be accepted as a present twelve months ago, today sells at \$5 per share and is worth more.

Now comes the stock of the big mine of the

Great Baxter-Manhattan Gold Camp

The BAXSTER SPRINGS MINING COMPANY

**CAPITALIZATION, 1000,000 Shares Par Value \$1 each
In Treasury, 400,000 Shares**

The company owns three full claims and two fractions among the earliest located and worked in the Baxter Springs District. The main ledge, porphyritic quartz between schist and slate, carries near the surface for a width of three feet \$20 and \$33 per ton per average, and in picked samples \$1154.49 and \$6717.75.
